800-5-FAMILY

800-532-6459

*Our Beyond the Cure program prepares survivors and their families for life after cancer. Our **Late Effects After Treatment Tool (LEATT)** provides survivors with a private, customized online assessment of potential late effects based on their diagnosis and treatment. In addition, Beyond the Cure sponsors regional conferences and offers free publications so survivors can gain a better understanding of the effects of their treatment. There is also a wealth of information on the website about survivorship issues, help and support.*

SURVIVORSHIP

www.cancersupportmontana.org

Cancer Support Community Montana launched a Survivorship program titled "Take Charge: Reclaiming Wellness After Cancer Treatment". This program will address common side effects, finding a new normal, mental health challenges, and more. CSCMT works to ensure all people impacted by cancer are empowered by knowledge, strengthened by action and sustained by community. We offer many different opportunities for you to get involved through educational sessions, support groups, fun activities and more. All programs are offered free of charge.
